

QUALITY MANAGER POSITION

Full Time Employment in an international environment as member of a small dynamic team

FAMI-QS is a sector specific conformity assessment scheme, being the only certifiable code aimed at Specialty Feed Ingredients for animal nutrition. The code addresses safety, quality and regulatory compliance in order to minimize the risk that unsafe specialty feed ingredients enter the food and feed chain. It offers independent certification for all operators placing these products on the market. Based on the partnership with international certification bodies and third countries' institutional partners, FAMI-QS has more than 1000 certified sites spread across more than 52 countries.
