FAMI-QS Version 5.1 Transitions to FAMI-QS Version 6.0

In 2015, FAMI-QS launched the revision of our system and the final stage of this process took place in October 2018. Thanks to the hard work of our highly competent Expert Group and the input of our partners worldwide, FAMI-QS was able to improve the Code, making it technically fit to address the challenges of our sector in a rather complex legal and business operational environment.

On behalf of FAMI-QS, we would like to thank you for your continuous support and confidence in the FAMI-QS certification. FAMI-QS wants to contribute to the continuous improvement of the quality, safety and integrity of specialty feed ingredients. It is our ultimate goal and ambition to provide a solid, robust, and transparent management system customised to the needs of our sector.

As of October 1st, the FAMI-QS Secretariat no longer accepts applications under FAMI-QS Version 5.1. FAMI-QS Version 5.1 will remain valid until 2020-10-01. Following the end of the transition period in October 2020, the list of the FAMI-QS certified companies will no longer be valid and will be automatically removed from our website.

We kindly invite all our current FAMI-QS certified organisations, who wish to continue to FAMI-QS Version 6.0, to contact their respective Certification Body in due time in order to schedule their transition audits.

During this transition period, the FAMI-QS secretariat will do the utmost to facilitate and ensure a smooth running of all processes in the most efficient manner.

The following documents are accessible at:

⇒ fami-qs.org/code-6-0.html
  • FAMI-QS Code of Practice Version 6.0
  • Feed Fraud Prevention and Defence Module
  • FAMI-QS Recognised Standards
  • Process Documents

⇒ fami-qs.org/rules-6-0.html
  • Rules for Certification Bodies
  • Rules for Operators
**Approval Letter**

Current FAMI-QS Certified Operators under Version 5.1, who hold a valid approval letter, do not need to request a new document. New approval letters will only be issued in case that there are changes in the scope (product list), company address, company name or new site(s).

Attention: The approval letter does not substitute by any means the FAMI-QS Certificate or does not imply that a feed business organisation meets the FAMI-QS requirements. The approval letter signifies that the feed organisation has been initially assessed by the FAMI-QS Secretariat and deemed eligible for the FAMI-QS Certification.

Only organisations listed on the FAMI-QS website hold a valid certificate.

**FAMI-QS Certified Companies List**

During the transition process, interested parties shall look for a valid certificate in the following two listings:

**FAMI-QS Certificates Version 5.1**

This listing will remain available until 2020-10-01

**FAMI-QS Certificates Version 6.0**

One of the main features of the new listing of FAMI-QS Certified Organisations is that, as of now, in an effort to achieve further transparency in the feed chain, the entire list of ingredients or mixtures covered under the FAMI-QS Certification will be made available to the public.

In addition to the listing of ingredients and mixtures, interested parties will now be able to register and receive a real-time notification, informing them of a potential change in the status of a current valid FAMI-QS Certificate.

**Note:** No notification will be sent in case of a new entry or an expired certificate. There is no option to select a specific organisation. A notification will be sent for all certificates currently included in the list.

As previously announced, FAMI-QS has selected the ‘ViaSyst’ audit reporting platform for the handling of the certification process.

For the current approved Certification Bodies under Version 6.0 please check fami-qs.org/certification-bodies.
Organisational Changes

FAMI-QS Board of Directors

The FAMI-QS General Assembly, which was held on 2019.04.18, has elected for a term of two (2) years running from 2019-05-05 to 2021-05-04 the following members:

ADM represented by Mr Fred Schuster
AJINOMOTO represented by Mrs Marie-Julie Hannoun
BASF represented by Mrs Ingrid Stilgenbauer-Voigt
DSM represented by Mr Wim Van den Broecke
LALLEMAND represented by Mrs Bernadette Okeke

Lallemand, represented by Mrs. Bernadette Okeke, has been appointed as President of the Board of Directors.

Communication with the FAMI-QS Secretariat

In order to ensure your queries will be addressed and resolved in a timely manner, please contact the relevant department using one of the e-mail addresses provided below.

UPCOMING EVENTS

FEED FRAUD PREVENTION AND DEFENCE TRAINING

FAMI-QS launched the Feed Fraud Prevention and Defence module and in order to fully support its members to better understand this new concept under FAMI-QS, a dedicated training module was developed.

The training is a combination of an e-learning and a classroom-based session with presence required. Participants in the training will get access to the e-learning platform one (1) month prior to the classroom-based training.

WHY ATTEND THIS TRAINING?

To understand why a Feed Fraud Prevention and Defence module has been developed by FAMI-QS;
To understand the contents of the Feed Fraud Prevention and Defence module developed by FAMI-QS;
To understand the basic concepts (theory and methodology) of Fraud Vulnerability Assessment and Threat Assessment;
To understand how to set up the Vulnerability Assessment and Threat Assessment using the templates, and how these are linked to the module.

WHO SHOULD ATTEND THE TRAINING?

Feed Fraud Prevention and Defence team members. Anyone who is involved in the implementation of the FAMI-QS certification system (Quality Assurance, Quality Control, Procurement, Management Representatives and Logistics);
Producers, Suppliers and Traders of Specialty Feed Ingredients;
Individuals who want to obtain further information on the FAMI-QS Feed Fraud Prevention and Defence module.

VERSION 6—GUIDANCE TRAINING FOR INDUSTRY

The training aims to provide participants with the information they need regarding the requirements of the FAMI-QS Version 6. This includes a discussion of the steps required by sites to be ready for the transition. We will cover the following:
FAMI-QS Certification System Version 6; Requirements of the FAMI-QS Code of Practice; new documents explained.

WHO SHOULD ATTEND THE TRAINING?

Anyone who is involved in the implementation of the FAMI-QS certification system (Quality Managers, Consultants, etc.)
Internal FAMI-QS Auditors
Producers, Suppliers and Traders of Specialty Feed Ingredients
Individuals who want to obtain further information on the FAMI-QS Certification

FDA APPROVED TRAINING ON THE FOOD SAFETY MODERNIZATION ACT

In order to support its members to comply with the Food Safety Modernization Act (FSMA) and with the Current Good Manufacturing Practices (CGMP) for animal food, FAMI-QS organises a 2 day-training approved by FDA on FSMA Preventive Controls for Animal Food.

The course, developed by the Food Safety Preventive Controls Alliance (FSPCA), is the standardised curriculum recognised by FDA. The FSPCA, originated in 2011, is a collaboration between the FDA and academia to standardise an education/training programme, providing the technical knowledge to the industry on how to work towards compliance with the Preventive Control ruling.
