

FAMI-QS Workshop in Mumbai – India

12th December 2018

Currently, Feed Business Operators' operational activities take place in a rather complex legal environment. Third Party Certification (TPC) against a feed safety scheme has become an important feature for the feed sector. As far as the Specialty Feed Ingredients sector is concerned, and FAMI-QS in particular, is becoming an important tool in supporting market access, at a global level. Besides its market value, a credible/ accredited Third Party Certification could also be a useful tool in hands of competent authorities, regarding e.g. planning of the official controls or "granting" market access to products or Operators. Third Party Certification is not meant to substitute the responsibilities of competent authorities, but has been increasingly recognised by a number of them as an important element, which not only supports their enforcement role, but can also help setting state-of-the-art practices at global level and, as such, facilitate understanding and exchanges worldwide.

In 2016, FAMI-QS carried out the challenging task of fully revising its system, in order to stay abreast of the new developments in our fast evolving industry. With an experienced and active team of experts, as well as valuable partners in Brazil, China, Europe and U.S., and thanks to their efforts, we were able to make this revision of the Code, having a robust final document that provides requirements for implementing measures necessary to ensure feed safety and quality of specialty feed ingredients.

To enhance better understanding of the role of Third Party Certification in Feed and the recently published FAMI-QS Certification System, a one day workshop will be organised by FAMI-QS on the 12th of December of 2018 in Mumbai, India.

PRACTICAL INFORMATION

[Venue] JW MARRIOTT MUMBAI JUHU, Juhu Tara Road | 400 049 Mumbai, India

[Time] 09:00 – 16:00

[Binding Registration] 12th November 2018

Please complete the Registration Form and return it to FAMI-QS secretariat at fffs_info@fami-qs.org.
